Thanks, Kathy –

Let me know if you have any issues with our forwarding the maps. If you'd like to share it instead, that's fine, just let us know soon.

Hi Elly – Tom has confirmed that we have not yet had discussions with any party in prep for field work in May. We just received budget though, so this component of the project is ready to begin.

Subject: Rhone Poulenc/Container Properties

Hi, Kathy – Wanted to ask you if you or Tom has contacted Container Properties about the proposed sampling in the tideflats next to the Former Rhone Poulenc site. Hopefully, you've been working on consent for access.

I spoke to Janette Knittel, the EPA RCRA project manager, and she will probably be forwarding the draft map. If you have concerns about that, let me know.
